Financial Department Notification No. 76 (Pay and Allowances) of 20th April 1877.

It has been brought to the notice of the Governor-General in Council that great diversity exists in the rules regarding the travelling allowance of Civil Surgeons. In some cases these officers receive mileage only, in others they draw mileage for journeys and a daily allowance for halts, and under a third system they are permitted to receive, in addition to mileage, a daily allowance for the whole period of absence from head-quarters, including the period for which mileage is drawn. It is sufficiently obvious that the travelling allowances of officers employed in similar capacities should be regulated, so far as local circumstances admit, on a uniform principle. His Excellency in Council is accordingly pleased to lay down the following rules for general adoption:—

I.—The rates of travelling allowance for Civil Surgeons are eight annas a mile, subject to reduction under general rules for journeys by railway, and Rs. 5 a day, except in the Berars, for which a rate of Rs. 6-4 a day has been experimentally sanctioned for the current year.

II.—Subject to such restrictions as the Local Government or Administration may see fit to impose as to the duration and frequency of his journeys, a Civil Surgeon is entitled either to the daily allowance or to the mileage for the whole of each period of his absence from his head-quarters on duty unless the duty is one for which he receives no extra remuneration, in which case he is entitled to the daily allowance for halts and either to that allowance or to the mileage for journeys, provided that both allowances are not drawn for the same day, and that the allowance for journeys shall be payable only when the Civil Surgeon has the sanction of the district officer to his marching instead of going by dāk or railway.

Pay and Allowances Proceedings, July 1877, Nos. 10 to 31.

Read the following letters :—

From the Government of Bengal to the Government of India in the Home Department, No. 731T, dated 21st June, asking permission to appoint an Uncovenanted Medical Officer to be Civil Surgeon of Burdwan, one of the civil stations reserved for the Covenanted Medical Service.
 From the Government of India in the Home Department, to the Government of Bengal, No. 451, dated 14th August 1877, refusing to sanction this appointment.

RESOLUTION.—By resolutions No. 2185, dated 14th August 1876, and No. 8816, dated 31st October 1876, the principle was affirmed that, except for special reasons, and with the previous sanction of the Government of India, no one but a Commissioned Medical Officer should be appointed to any office reserved for the Covenanted Medical Services.

2. In applying for permission to make the appointment which has now been disallowed, the Government of Bengal pointed out that these orders of 1876 appear to conflict with certain earlier orders favoring as economical the extended employment of Uncovenanted Medical Officers.

3. The Governor-General in Council considers that there is no real conflict between the orders thus contrasted ; but, to prevent future misunderstanding about a principle of much importance, His Excellency in Council deems it necessary to recite and declare afresh the policy of the Government as regards the public service in the Medical Department.

4. The Commissioned Medical Officers in the Military Department are all Members of organised Covenanted Services. The Government of India has authorised the appointment of members of these Services to certain specified Civil Medical Charges and Appointments. These specified appointments are added to the List of Military Appointments for which provision is authorised, and the strength of the Commissioned Medical Services is regulated and maintained accordingly. Every addition to the List of Civil Medical Charges for which covenanted officers are authorised, involves an addition to the strength of one of the Commissioned Medical Services ; and every reduction of that list involves a reduction of the strength of one of these services.

5. The pay and pension of a Commissioned or Covenanted Medical Officer in Civil employ being higher than the pay and pension of an Uncovenanted Medical Officer, every addition to the List of Civil Medical Charges for which Commissioned Medical Officers are authorised, causes additional expense, and every reduction of this list produces a saving. Hence the orders to which the Government of Bengal has referred, favoring the extended

employment of Uncovenanted, in place of Covenanted Medical Officers. The principle of these orders is still emphatically recognised: every curtailment of the List of Civil Medical Charges for which Commissioned Officers must be provided will be welcomed as conducive to economy, and no addition to this List will be allowed without the strongest evidence of necessity.

6. But when once a Civil Medical Charge is enrolled in the List and provision is made for it by the necessary addition to the strength of one of the Commissioned Medical Services, it is impossible, except for very special reasons, to allow the appointment thereto of any one but a Commissioned Medical Officer. The appointment of an uncovenanted officer to an office for which provision is made in the recruitment of one of the Commissioned Medical Services would be obviously unjust to the officers of this Service, and tend to produce organic inconveniences such as the Government is now finding it so difficult and so costly to remedy in the Covenanted Civil Service. It is an indispensable condition of the formation of every body of officers organized under covenant or commission, to fill certain offices, that the monopoly of these offices be jealously and rigidly preserved to them. Any departure from this course involves (1) injustice to the officers, and, as a consequence, well-founded, and therefore, mischievous discontent among them; (2) needless expense for the pay of officers provided for offices otherwise filled.

7. Hence the Resolutions of 1876 that, except under circumstances of special necessity and with the particular sanction of the Government of India, no one but a covenanted medical officer may be appointed to any office in the list of medical charges for which commissioned officers are provided. The principle of these resolutions makes it necessary to add that they must continue to operate in respect to an office removed from that list, so long as any officer who was admitted to the service before the office was so removed, remains practically eligible for the appointment.

8. It seems necessary even to go a step further. It being necessary, for the general purposes of the administration, to maintain organized bodies of commissioned medical officers, economy plainly requires that the utmost possible use be made of them, and that so long as any of them is unemployed, no other medical officer be appointed to the public service. An uncovenanted medical officer is less costly than a commissioned officer, only if his employment enables the Government to dispense with the employment of a commissioned officer. It is not, however, possible to regulate the recruitment of bodies like the commissioned medical services so exactly that their number shall never be excessive. Moreover, the reserve of commissioned medical officers maintained for military purposes is larger than is needed for actual military duties in times of peace.

9. An uncovenanted officer, therefore, should never be appointed to any medical charge, whether it be contained in the list of charges for which commissioned officers are allowed or not, until it has been ascertained that no commissioned officer can be spared for the post. Although the pay of a commissioned officer be higher, it will be cheaper and better to employ such an officer if one can be spared, rather than to leave him to draw his military pay for doing duties for which his services are not absolutely required, and to pay an additional uncovenanted officer though on a lower scale. The departmental medical authorities will decide, in each case, whether a commissioned officer can or cannot be spared. The Government of India does not wish to press for the employment of commissioned officers in any civil charges not included in the list of charges for which commissioned officers are sanctioned and provided; but the heads of the Medical Department should be guided in their proceedings by the principles herein recited.

10. Briefly the policy of the Government of India is as follows:—

(1)—The Governor-General in Council has no desire to increase the number of the commissioned medical officers: on the contrary, so far as the exigencies of the public service will permit, His Excellency in Council would be glad, for economical reasons, to reduce the number of such officers.

(2)—But His Excellency in Council must insist upon the commissioned medical officers in the several services at any time, being utilised to the utmost, and he expects the Heads of the Medical Department and the local Governments to take all precautions, not only that there be no avoidable encroachment by uncovenanted officers upon the appointments for which commissioned officers are sanctioned and provided, but that not a single uncovenanted medical officer be appointed to any civil medical charge, unless no commissioned medical officer is available for the duty.

11. As to the office of Superintendent of a central jail to which the Government of Bengal refers, the commissioned medical services are not now recruited with a view to the provision of members of these services for this office. There is, therefore, no conflict between the resolution in the Home Department No. 819, dated 16th June 1869, and the principles affirmed in this Resolution, and no objection to the continued operation of that Resolution.

12. It appears that, when ascertaining the sanctioned strength of the Commissioned medical service, in order to determine the number of recruits to be added to the service from time to time, the military authorities reckon, among the sanctioned appointments, all those actually filled by medical officers at the time, whether specifically sanctioned or not. This practice should now cease; no office should be admitted to the list of offices for which commissioned medical officers are to be provided, unless the appointment of a commissioned medical officer thereto is compulsory within the meaning of this resolution. Any commissioned medical officer who can be spared, may be appointed to any office which he

can legally fill, but provision should be made beforehand for the supply of only those offices for which commissioned medical officers have been specifically allowed, and to which, without the previous sanction of the Governor-General in Council, no one but a commissioned medical officer may be appointed.

Financial Notification No. 959, dated 31st May 1869, directing the receipt of copper coin in payment of Government dues, without limit of amount, and the free supply of such coin from the Government treasuries and sub-treasuries to all applicants for amounts of the value of not less than five rupees, at the rates prescribed by sections 2 and 9 of Act XIII of 1862.

Financial Resolution, No. 3173, dated 20th November 1873, removing the limit of five rupees, fixed in the notification of 31st May 1869, for the issue of copper coin from the Government treasuries and sub-treasuries.

Read also the undermentioned reports regarding the depreciation in the value of copper coin in the Madras Presidency and in Mysore :—

From Deputy Accountant-General, Mysore, No. 2500, dated 7th August 1877.

From Accountant-General, Madras, No. 5175, dated 10th August 1877.

RESOLUTION.—The Governor-General in Council learns with regret that, notwithstanding the measures recited in the preamble, legal-tender copper coin has been circulating this year at a discount in Southern India. Whenever this occurs, injury is inflicted, especially upon the poor who can least afford to bear it, and the administration is discredited.

2. His Excellency in Council is accordingly now pleased to direct the free exchange of silver for legal-tender copper coin in parcels of the nominal value of not less than two rupees, at every treasury, sub-treasury, and currency office throughout British India and in Mysore and Berar, and also in anticipation of the consent of the Directors, at the Presidency Banks and their branches. Legal-tender copper coin received by the banks under this resolution will be subject to the operation of the ninth clause of the agreements with the banks; and the Comptroller-General or Accountant-General, as the case may be, will, under the fifth clause of those agreements, pass bills for the cost of remitting elsewhere any surplus legal-tender copper coin which may accumulate in any bank or branch bank.

3. Wherever large bodies of men are assembled on public works under construction for purposes of famine relief, or otherwise, the local authorities should make special arrangements to supply silver on the spot in exchange for the legal-tender copper coin which may be collected by the purveyors or foremen at such assemblages.

4. The object of these orders is to prevent legal-tender copper coin from circulating at a discount; it is believed that, if they are carefully obeyed, such a state of things can never occur.

5. If, nevertheless, legal-tender copper coin does, at any time, or anywhere, circulate at a discount, the circumstance should be immediately reported to the Local Government, and by the Local Government to the Government of India, with full explanation of the supposed causes of the phenomenon, and of the measures taken to remedy the evil.

6. Care must be taken not to receive, whether under these orders or otherwise, at any Treasury, Sub-treasury, or Currency Office, any copper coin that is not a legal-tender under the Indian Coinage Act, 1870.

Letter from Comptroller-General, No. 2337, dated 27th July 1877.

RESOLUTION.—In continuation of Notification No. 1680, dated 11th March 1874, and in supersession of Notification No. 2511, dated 6th August 1875, and all other orders on the subject, the Governor-General in Council is pleased to sanction the following

travelling allowances for ministerial and menial officers required to travel on duty by railway :—

For Officers whose service is superior under the Civil Pension Code.

If the officer's salary is not less than			Second class fare.
Rupees 50	
Otherwise	Intermediate class fare, or, if there be no intermediate class accommodation in the train, third class fare.

For Officers whose service is inferior under the Civil Pension Code.

All officers...	Third-class fare.
-----------------	-----	-----	-------------------

2. If the journey involves the absence of the officer from his head-quarters or standing camp for a night, so as to make it necessary for him to carry with him servants and baggage, double the fare to which he would otherwise be entitled, may, at the discretion of his superior officer, be granted to him.

3. An officer entitled to second or intermediate class fare may, at his option, charge for the journey, in lieu thereof, at the daily rate admissible to him for ordinary journeys, but may not charge railway-fare for any day for which he receives daily travelling allowance.

4. An officer entitled only to third-class fare may draw his ordinary daily travelling allowance in addition thereto.

SEPARATE REVENUE—POST OFFICE.

The 2nd November 1877.

No. 4308.—1. On and after the 1st January 1878, registered letters and parcels may be insured for the actual value, as certified on them by the sender, for transmission by inland post.

The facility for insuring registered letters and parcels will be made available at almost all post offices; the only exceptions being a few vernacular offices. The Government will guarantee to the sender the safe transit of insured registered letters and parcels, and will give compensation to him, within the insured value, for any actual loss occurring in transit from any cause whatsoever, except in the cases described below.

The excepted cases are as follows :—

- (1)—Misdelivery arising out of incorrectness or incompleteness of the address written by the sender.
- (2)—Wrong declaration or fraud on the part of the sender or addressee.
- (3)—When the receipt or acknowledgment has been signed by the addressee or his agent: it being understood that the addressee shall fully examine the outward appearance of the letter or parcel before signing the receipt or acknowledgment. By the term agent is meant not merely a person specially authorized by the addressee, but any servant or other person connected with the addressee's household or business establishment who is accustomed to sign the receipts for registered letters or parcels arriving to his address. Any person who wishes to restrict the delivery of insured articles arriving to his address may do so by communicating with the Post Office.
- (4)—When the sender does not give intimation of loss within three months from the date of posting.
- (5)—In cases of damage as distinguished from loss; it being understood that the sender is responsible for the proper packing of articles liable to damage so as to provide sufficient protection for them.
- (6)—When there is no visible damage to the envelope or other covering or seals, it being understood that the sender must so pack the letter or parcel that its contents cannot be touched without visible damage as aforesaid being caused.

3. The compensation will be payable one month after the date on which intimation of loss is given by the sender to the Post Office, except in cases in which the Post Master General or Chief Inspector of Post Offices may consider that the circumstances demand the withholding of payment pending enquiry.

4. An acknowledgment signed by the addressee will in ordinary course be transmitted to the sender; and in the event of the acknowledgment conveying the intimation of loss, or of the non-receipt of an acknowledgment within three months, he is expected to give intimation to the Post Office.

5. The sender shall on receiving compensation make over in writing to the Government the whole of his rights in the lost property, and shall give all information necessary to facilitate the search for it.

6. No letter or parcel may be insured for an amount greater or less than the actual value of its contents as certified thereon by the sender. Letters and parcels may be insured without limit as to value. The weight of an insured parcel may not exceed the usual limit of 2,000 tolas; and in respect of size also it will be subject to the ordinary conditions mentioned in the Postal Guide.

7. The charges for insurance will be as follows :—

When the value certified does not exceed Rs. 10	...	1 anna.
" " " " 25	...	2 annas.
" " " " 50	...	4 "
" " " " 75	...	6 "
" " " " 100	...	8 "

and 8 annas for every additional Rs. 100 or fraction thereof.

8. The prepayment of postage, and in the case of letters of the registration fee, is compulsory and must be effected by postage stamps affixed to the article. The prepayment of the insurance fee is also compulsory and must be made in cash to be tendered with the article. Thus a letter weighing (say) three-fourths of a tola and insured for Rs. 1,000 must be prepaid with stamps to the extent of 1 anna for postage and 4 annas for registration (the total prepayment by stamps thus being 5 annas), and in presenting it at the post office it must be accompanied by rupees 5 in cash for insurance. Similarly a parcel weighing (say) 110 tolas and insured for Rs. 1,000 must be prepaid with stamps of the value of 1 rupee for postage and accompanied by rupees 5 in cash for insurance.

Certified value two hundred and seventeen (217) rupees.
To Major G. H. Grantly,
15th Hussars,
Muttra.

12. Registered letters and parcels intended for insurance must be presented at the window of the Post Office. The hours for their reception will be the ordinary registration hours, which with a few exceptions are from 7 to 8 A.M. and from noon to 5 P.M. They will not be received at all on Sundays, and they must be tendered at least one hour before the time fixed for the closing of the mail by which they are intended to be despatched; otherwise they will be detained till the next despatch is made.

13. Letters and parcels intended for insurance should be closed as follows :—

In the case of a letter if the cover be an envelope of the ordinary kind as represented

should be securely packed in cloth, wax-cloth, or tin, and if it is packed in cloth or wax-cloth it should bear similar seals at intervals not exceeding three inches along each line of sewing.

14. Letters and parcels not fulfilling the required conditions will not be insured.

15. As a further precaution it is recommended that in closing an envelope containing only paper enclosures, the flaps should be closed with paste as well as with seals, and that a needle and thread should be passed through the envelope and its contents, the knot of the thread being placed under the central seal: a specimen of an envelope closed in this manner can be seen at the Post Office.

16. The addressee of an insured letter or parcel must sign both the receipt and acknowledgment presented therewith, unless the outward appearance of the cover give rise to suspicion of tampering. In such case he should return the letter or parcel unopened,

arranging with the Post Master to take delivery at the Post Office, the letter or parcel being opened there in the presence of the Post Master, and its contents entered in an inventory which will be prepared in duplicate and must be signed by the addressee. One copy of the signed inventory will be forwarded by the Post Office to the sender with the unsigned acknowledgment attached to it.

17. "Value payable parcels," i.e. parcels the value of which is realized from the addressee and paid to the sender under the Postal notice of 1st November 1877, may also be insured; insurance, however, renders the prepayment of postage and the insurance fee compulsory. When a "value payable" parcel is insured, the sender will receive from the Post Office two receipts, viz. a value payable receipt and an insurance receipt.

LOTTERIES AND RACE-SWEEPS.

No. 329.

Extract from the Proceedings of the Government of India in the Home Department (Police),—under date Simla, the 1st November 1877.

READ—

A circular of the Punjab Government, dated the 29th March 1877, withdrawing the prohibition against the publication of advertisements of lotteries not authorized by Government.

Read also—

A letter from the Bengal Government, dated the 13th September 1877, No. 1441T.

RESOLUTION.

ON the 13th September last the Bengal Government forwarded a letter from the Commissioner of Police at Calcutta, reporting that advertisements of lotteries and race-sweeps printed beyond the limits of Lower Bengal are sent in large numbers to hotels and other places of public resort in Bengal, in contravention of section 294A of the Indian Penal Code, and that the proprietors of newspapers and other periodicals in Bengal complain bitterly that their columns are closed to notices and advertisements which are freely permitted elsewhere. His Honor the Lieutenant-Governor of Bengal considers that the present treatment of lotteries by the different local Governments is exceedingly unsatisfactory; in Bengal the law is strictly enforced, while in the Punjab and elsewhere it is habitually broken with impunity, and newspapers are allowed to advertise and circulate proposals directly opposed to the provisions of the section of the code cited. His Honor is of opinion that if these lotteries and race-sweeps are mischievous, they should be put down by law, instead of being allowed to develop themselves year by year; but that if they are considered to be a harmless amusement, the prohibitory clause in the Penal Code should be repealed, and lotteries should not be discouraged. His Honor himself considers them exceedingly mischievous.

2. The Government of India concur with His Honor's opinion as to the mischievous character of the lotteries and race-sweeps advertised, and believe that the mischief is year by year assuming greater dimensions. As the intention of the law on the subject is clear, and as its provisions were intended to operate in one province as much as in another, the Government of India consider that the law should be uniformly enforced. Local Governments and Administrations are therefore requested to enforce the law after giving due notice thereof by publication of this resolution in their several official Gazettes.

ORDER.—Ordered that this resolution be forwarded for information and guidance to all Departments of the Government of India, to local Governments and Administrations, and that it be published in the Supplement to the *Gazette of India*.

2. Any person desirous of competing at this examination must produce to the Civil Service Commissioners, before the 1st of May 1878, evidence showing—

(a)—That he is a natural-born subject of Her Majesty.

(b)—That his age on the 1st of January 1878 will be above seventeen years and under nineteen years. [N.B.—In the case of Natives of India this must be certified by the Government of India, or of the Presidency or Province in which the candidate may have resided.]

He must also pay such fee as the Secretary of State for India may prescribe.‡

The following are the conditions of sale:—

1.—The Opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The Opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of these Conditions of Sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7.—No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8.—The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10.—No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12.—With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first bona fide bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertised for sale; No. 2, report of the examination of such Opium.

16.—The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1876-77, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17.—Any further information respecting weight or quality of the Opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1878, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 54,000 chests of

		Chests.
Behar	...	30,000
Benares	...	24,000
Total	...	54,000

Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."

8. The marks obtained by each candidate in respect of each of the subjects in which he shall have been examined will be added up, and the names of the candidates who shall have obtained a greater aggregate number of marks than any of the remaining candidates will be set forth in order of merit, and such candidates shall be deemed to be selected candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. A selected candidate declining to accept the appointment which may be offered to him will be disqualified for any subsequent competition.

shall be taken as a deposit on each lot from the purchaser in the sale-room, and before the lot is registered in the sale book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal Receipts, or by substitution of other public securities of the Government of India, on or before 4 o'clock in the afternoon of the fifth day after the sale; or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts, or deposit of other public securities as aforesaid shall have been delivered in, shall be

re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The Promissory Notes taken on the day of sale under the last-mentioned condition, if remaining unredeemed at 4 o'clock of the fifth day following the day of sale, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

7.—No tender of money, Bank of Bengal Receipts, or public securities, on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the fifth day following the day of sale, will be afterwards accepted.

8.—The Opium advertised for sale shall be paid for not later than by 4 o'clock of the fifteenth day from the day of sale; and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit made under the 5th Condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the Opium shall be disposed of on account of Government at such time and in such manner as

the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such re-sale.

9.—Purchasers taking out certificates or orders for the delivery of Opium after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

10.—No deposit of public securities under the fifth of the present Conditions will be received in this Office except from the party recorded as the purchaser in the sale book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

11.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these Conditions.

12.—With a view to prevent fictitious biddings, designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these Conditions.

13.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same agency Opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the Opium to complete the said twenty-five.

14.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the Opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

15.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1 certificate of the Opium advertised for sale; No. 2, report of the examination of such Opium.

16.—The public are hereby informed that, in providing the investment of the Behar and Benares Opium for the year 1876-77, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the chests, indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

17.—Any further information respecting weight or quality of the Opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the Opium for shipment.

18.—It is hereby further notified that under the 6th Article of the Convention between Great Britain and France, dated the 7th March 1815, quoted below, the agents in India of the French Government, or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for sale at the twelve sales of the year 1878, there shall be delivered to them, at the average of the particular sale or sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 chests, and the Agents of the French Government must make requisition specifying the quantity of Opium required by them at any particular sale, within thirty days from the advertisement of such intended sale, provided however that the Agents of the French Government may make such requisition for the whole quantity within thirty days from the publication of this notification. If the Agent of the French Government shall not make the requisition for Opium within the time above mentioned, the entire quantity of about 54,000 chests of

Behar and Benares, as above estimated, will be brought to sale in the usual manner; and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the twelve sales above mentioned, but shall not pay for it within the prescribed period of payment, the Government of Bengal reserves to

itself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the sale next ensuing after the date fixed for payment, or by selling such Opium, or any portion of it at any subsequent monthly sale in addition to the quantity which in this advertisement is approximately mentioned as the quantity to be sold at such sale; or by selling such Opium at a sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article VI.—"With regard to the trade in Opium, it is agreed between the high contracting parties that at each of the periodical sales of that article there shall be reserved for the French Government, and delivered upon requisition duly made by the Agents of His Most Christian Majesty, or by the persons duly appointed by them, the number of chests so applied for, provided that such supply shall not exceed three hundred chests in each year, and the price for the same shall be determined by the average rate at which Opium shall have been sold at every such periodical sale, it being understood that if the quantity of Opium applied for at any one time shall not be taken on account of the French Government by the Agents of His Most Christian Majesty within the usual period of delivery, the quantity so applied for shall nevertheless be considered as so much in reduction of the three hundred chests hereinbefore mentioned. The requisitions for Opium, as aforesaid, are to be addressed to the Governor-General at Calcutta within thirty days after notice of the intended sales shall have been published in the *Government Gazette*."
